

TORNADO[®]

DEER GATES

Tornado Deer Gates provide a secure entry and exit point in deer fencing without compromising the effectiveness of the fence. Fully meshed and 6' high they are constructed from a heavy box section frame which is clad with 75x75x4mm welded mesh.

All are supplied with 20mm adjustable eyes and a lockable sliding bolt. Single leaf deer gates are available from 3ft to 16ft and pairs up to 32ft. They can be used with 8ft 6ins galvanised gateposts, or can be fixed to wooden gateposts to suit individual requirements.

Features

- Available in a range of widths from 3' to 16'
- Pairs of deer gates available up to 32' (2 x 16' gates)
- Box section ends and vertical ox bracing adds strength and rigidity
- Sliding lockable bolt as standard
- Clad with 75 x 75 4mm welded mesh
- Hot-dip galvanised after manufacture to BS EN ISO 1461
